

## ▼ Dear fellow citizen,

Vaihingen an der Enz has a lot to offer. As part of the Stuttgart area we already contribute to making it one of the liveliest regions in Germany and Europe.

But we should continue in our efforts. »Together for tomorrow« we want to lay out our town's development and create a transparent and comprehensible system as guideline for future urban development.

At the beginning of the development of the model we will distribute a questionnaire to all households. Your opinion will be the basis of the development of the mission statement process.

Furthermore, we invite you to actively participate in the development of the model as part of the working group which will accompany the process from the start. Irrespective of this, all fellow citizens are invited to the public events which will be held regularly.

To facilitate participation you can post the questionnaire and postcard in the town center or in one of the eight parts of the town. You can also participate online. If you experience any difficulties in the participation we will be happy to assist you. For further information have a look at the enclosed information sheet and under [www.vaihingen.de/Leitbildprozess](http://www.vaihingen.de/Leitbildprozess).

The more fellow citizens participate the wider, more diverse and more interesting the future development of our town will be. Seize the opportunity – I'm looking forward to your contribution and participation!

Your Gerd Maisch  
Lord Mayor
